

# Country High School

## Swim & Dive Team

### Booster Club

June, 2010

Dear \_\_\_\_\_,

*I am writing to you on behalf of the Country High School Swim & Dive Team. Our team prides itself on developing not just good athletes, but mature young adults. We not only learn the physical side of swimming & diving, but the mental side, the commitment, and the dedication it takes in being a team. We are very proud that we have had a very successful and highly competitive swim team for almost a decade. We have had many swimmers go on from our team to swim for colleges throughout the country. Last year our boys finished second place in the **Class 3A, State Championship**, while our girls had multiple relays finish in the top 3 and the top swimmer in the state in 2 events.*

*As you might well know, our local school system does not provide the funding that is necessary for our Swim & Dive Program to develop and maintain the level of team competition that we are well capable of and have worked so hard to experience. Our expenses that are incurred by the program and not reimbursed by the school include swimming pool rental, diving pool rental, suits, travel, meet fees, insurance, and many other items. Local sponsorship is crucial in raising the additional funds to help us meet our goals to train, compete and be a part of the winning tradition, not only at the District level, but at the Regional and State Level. **Your financial support for the 2010 Season can make a difference and would be greatly appreciated.***

Sincerely,

\_\_\_\_\_  
 Swim & Dive Team Member
